About Me & Skills

ABOUT ME

I'm a Computer Science student and Junior Front-End Developer who enjoys turning ideas into clean, responsive web pages. I focus on building a strong foundation, learning through projects, and improving my ability to create useful user interfaces.

LANGUAGES

- HTML5
- CSS3
- JavaScript
- Python
- Java
- C
- C++
- SQL

FRAMEWORKS & LIBRARIES

- Bootstrap
- React

TOOLS

- Git
- GitHub
- VS Code
- Figma

My USP

Turning Ideas into Responsive Web Experiences

I'm a Junior Front-End Developer with hands-on project experience in HTML, CSS, JavaScript, Bootstrap, and React. I build responsive web interfaces with a focus on clean layouts, usability, and attention to detail.

- Responsive Websites
- Clean Layouts
- Attention to Detail

Education

UNIVERSITY

Misr University for Science and Technology (MUST)

FIELD OF STUDY

Computer Science

CURRENT LEVEL

Third Year

EXPECTED GRADUATION

2028

> Building a strong foundation in computer science while learning front-end development through hands-on projects.

What I Offer

01

Responsive Websites

Clean, mobile-friendly pages built with HTML5, CSS3, and Bootstrap that work well across different screen sizes.

02

Interactive Pages

Interactive behavior added with JavaScript, so pages feel alive and easy to use.

03

React Components

Reusable UI components and pages for clearly defined scopes, built with React.

How I Work

1

Understand

I review your requirements, design references, and expected deadline.

2

Confirm

We agree on the scope, timeline, and deliverables before I start.

3

Build

I implement clean, responsive pages with consistent styling.

4

Review

I check the result across screen sizes and refine it with your feedback.

Projects

01 E-Learning Landing Page

HTML5 • CSS3 • Bootstrap

A responsive e-learning landing page built from a Figma design, with hero, courses, instructors and pricing sections.

02 GoDocs Homepage

HTML5 • CSS3 • Bootstrap

A responsive documentation homepage with a search hero, topic cards and FAQ, built for front-end practice.

03 Creative Landing Page

HTML5 • CSS3

A responsive landing page with a hero, services, portfolio gallery and contact form, built with CSS Grid and Flexbox.

04 Bootstrap Responsive Website

HTML5 • CSS3 • Bootstrap 5

A simple responsive website built to practice Bootstrap components, responsive layouts and a clean user interface.

E-Learning Landing Page

A modern landing page for an online learning platform, built from a Figma design. The project is about turning a visual design into a clean, responsive web interface.

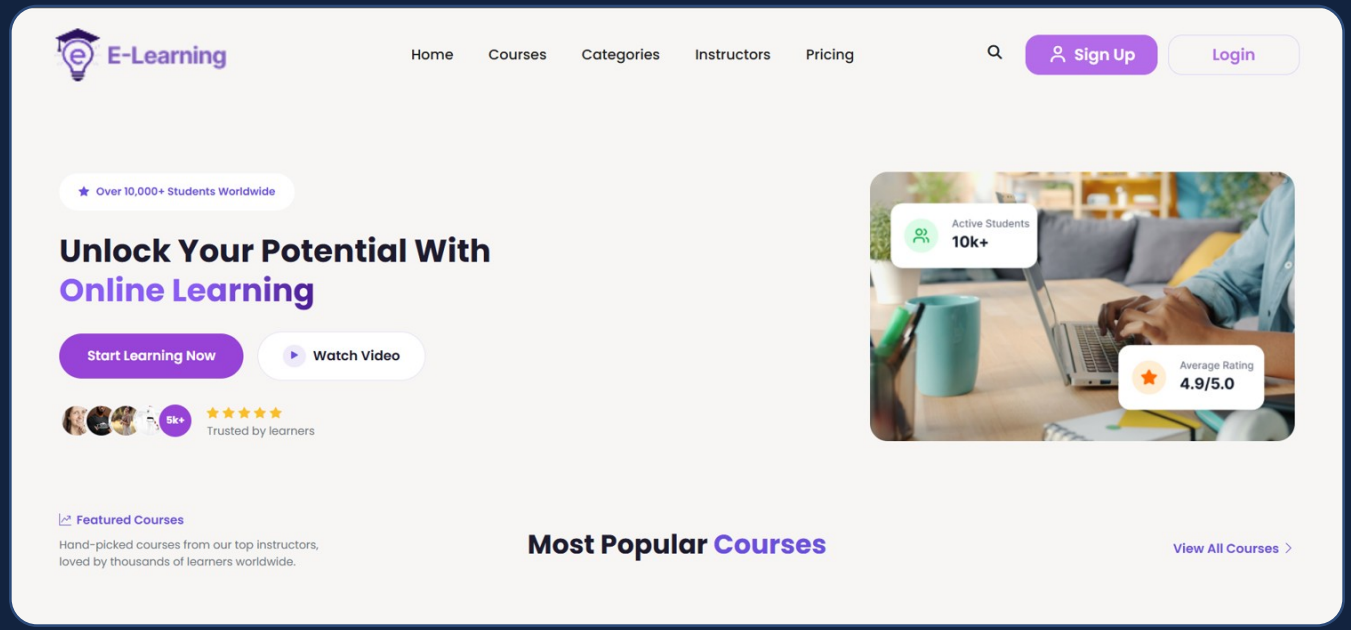

BUILT WITH

HTML5 | CSS3 | Bootstrap

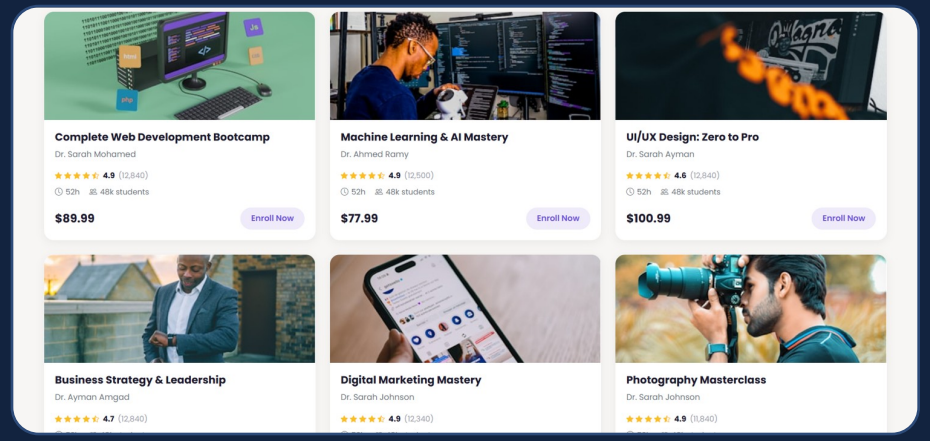

SECTIONS

- Navigation bar and hero with call-to-action
- Featured courses and instructors cards
- Pricing plans (Starter, Pro, Enterprise)
- Newsletter signup and footer
